OMT
WORKING GROUP

ENERGY · INFRASTRUCTURE
TECHNOLOGY

OPERATIONS · MAINTENANCE · TRAINING

Reliable infrastructure. Skilled people.

OMT Working Group is an integrated operations, maintenance and training company. One partner for the whole life of an asset. Our mission: reliable, sustainable services that optimise performance and empower people.

O Operations
Day-to-day running of critical infrastructure to international standards.

M Maintenance
Planned and responsive care: less downtime, longer asset life.

T Training
Skills transferred to the teams who run the assets.
